1 Purpose

The purpose of the Information Security Policy is to outline the management direction and confirm its commitment to meeting the Information Security standards expected by our customers in the delivery of our services.

2 Statement

Kao Data's Senior Management are committed to maintaining a Management System designed to meet the requirements of the ISO 27001:2022 international standard.

The Policy is communicated to all person(s) working for or on behalf of Kao Data (as part of induction training), is available to all employees via the IMS and is displayed in each office location to continually remind employees of the Company's commitment to Information Security.

The Policy is also available upon request to all interested parties such as clients, investors, and suppliers.

The Policy is reviewed to ensure its ongoing suitability by the senior management team who recommend amendments and updates to the policy as part of the continual service improvement process, with an annual review of the policy undertaken annually as a minimum.
